**Anita Fahrni-Minear, Dr. h.c.**

After graduating from Oberlin College, Anita Fahrni taught at a Chinese University in Taiwan, which awakened her interest in Asia. Living in Switzerland since 1970, she held political offices there and worked with women's organizations, which led to an invitation to visit Mongolia in 1998. Since then, she has worked tirelessly to promote foreign language education in Mongolia. She coordinates teacher exchanges and visits by student groups, and she even writes and publishes English language books that are to be used in Mongolian schools.
